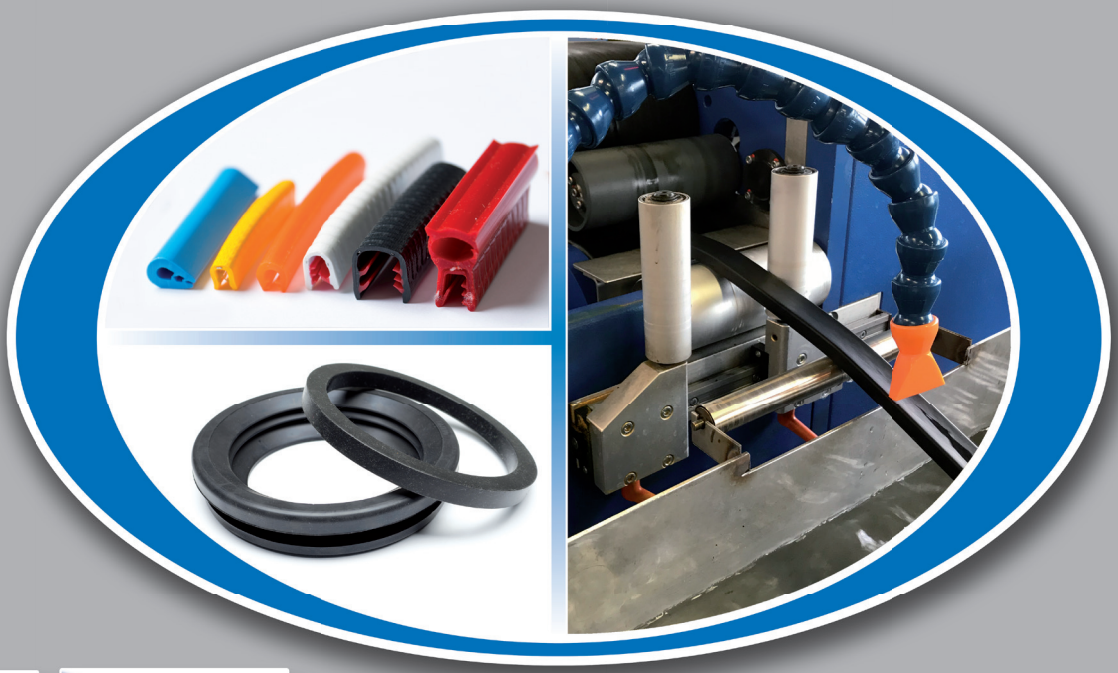
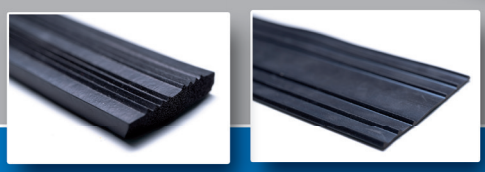
Achim Pellen
DICHTUNGSTECHNIK GmbH

Elastomer solutions





... in sponge rubber

- specialised profiles made from high-quality rubber (EDPM, CR, NBR, NR)
- big variety of rectangular profiles and rubber cords available

... in solid rubber

- specific profiles made from your technical drawing

TPE extrudates

- specific profiles with different hardness from 30 Shore to 85 Shore
- food safe (FDA compliant)
- different sizes and lengths, also with self-adhesive equipment

Achim Pellen Dichtungstechnik GmbH • Brüsseler Allee 19a 41812 Erkelenz, Germany

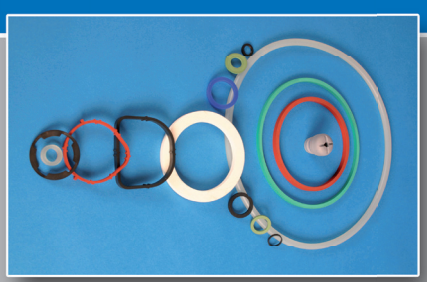
We make moulding parts…

…from rubber (EDPM, NBR, CR)

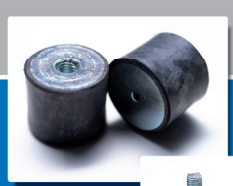
- material properties according to DIN EN 681-1 possible
- good ozone and UV resistance
- 100% vulcanised rubber with the best mechanical characteristics
- e.g. bellows, silent blocks, o-rings or special technical parts for different applications
- special qualities on request

…from silicone

- high heat resistance
- food safe (FDA compliant)
- can be individually adjusted in colour according to RAL
- adjusted hardness possible



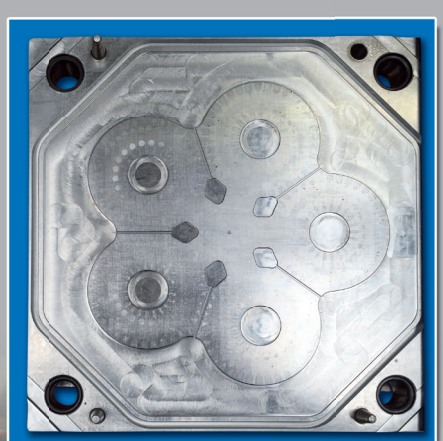
Silent blocks / rubber-metal bumpers



- in NK 55 Shore +/- 5
- big variety

Solutions and innovative concepts for packaging industry!

- special o-rings
- die cuts
- gaskets



Our strengths

- over 20 years of experience
- elastomer solutions from tools to production
- quality in manufacturing and German production
- modern storage concept & logistics
- certified according to DIN/ISO 9001:2015

Made in Germany
